Q5 Sylvia is interested in mysterious world heritage. After knowing some ideas of Moai, she found another one catching her eyes. It is Stonehenge, a huge man-made circle of standing stones in the southwest field of England. Below is what Sylvia is reading.

What will she put in the table?

...Stonehenge is so giant that it can be seen from miles around. Stonehenge was built around 30000 BC. Some studies say people get together there for praying the power of Sun and Moon on the longest and shortest days of a year. Some researches show Stonehenge is for the death. Scientists say it was not built by aliens. It took builders lots of strength to build and carry the huge stones. The tools the builders have are only stone, wood and rope. These big stones were moved to where it is now by log rollers.
