My friend, Francis is coming to see me at my

place. He is asking me for directions.

Francis: How do I get to your place?

Me: Where are you?

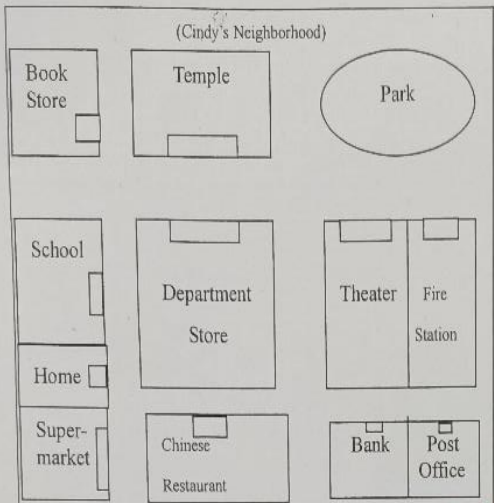

Francis: I'm at the school.

Me: Go straight on 1st street for one block, turn right at the bank. Walk down on B Road, turn right on 2nd Street. It's between the bank and the hospital.

# Group 6

## Unit 5 How Do I Get to Big Ben?

(Cindy's Neighborhood)

This is Cindy's neighborhood. It's nice and convenient.

There is a big department store across from a temple. There's a bank in back of the theater. Next to the bank, there's a post office. In her neighborhood, there is a supermarket. Behind the supermarket, there is a school on the corner. Cindy's house is between the school and the supermarket. There is also a Chinese restaurant near Cindy's house. The food is great.

Please come and visit her neighborhood.

Draw the route(路線)

Now you're at the park, and you're asking a man for directions. (You know Cindy's party is between the supermarket and the school.)

You: Excuse me. How do I get to the school?

Man: Turn left here and walk down 1st Street. Go

straight for only one block. Then, turn left

at the temple. Walk down A Road. Keep going straight. The school is on your right.

You can't miss it!

You: Thank you very much.

1. Write the places in the blocks(街区). 2. Mark your place with ⊙

3. Draw the route.

4. Give directions to your friend, Francis.

My friend, Francis is coming to see me at my place. He is asking me for directions.

Francis: How do I get to your place?

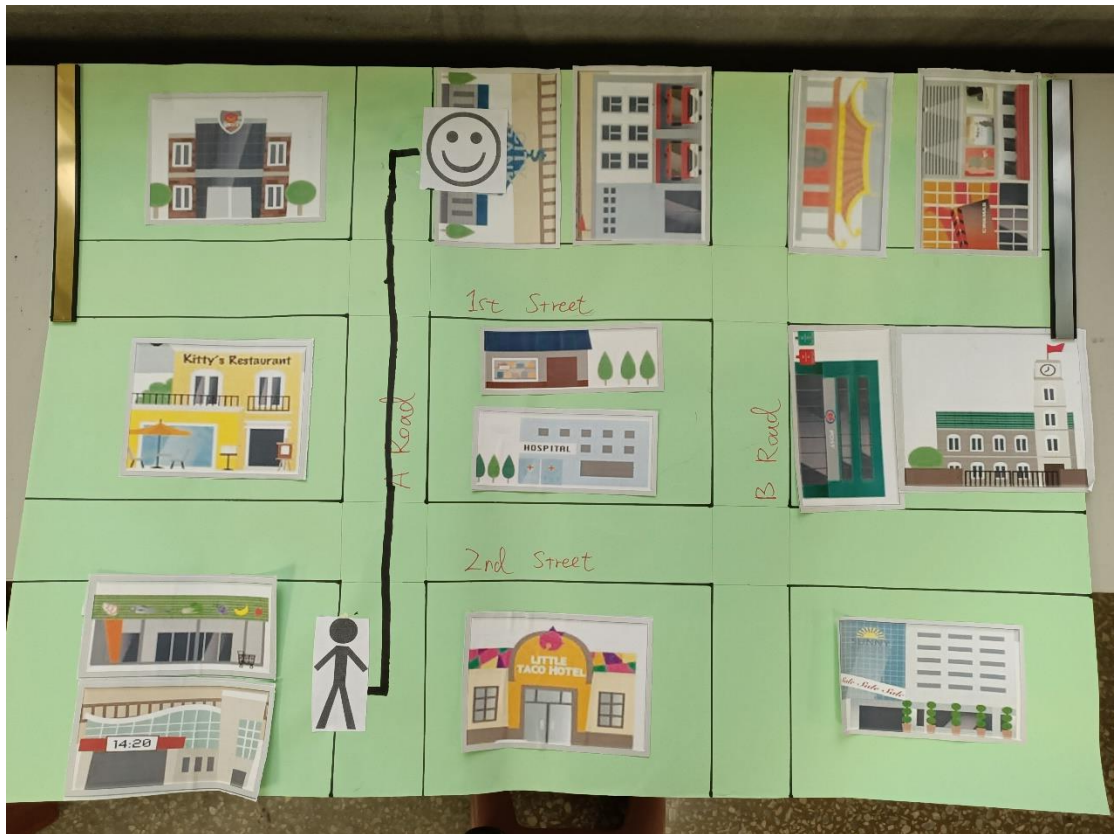

Me: where are you?

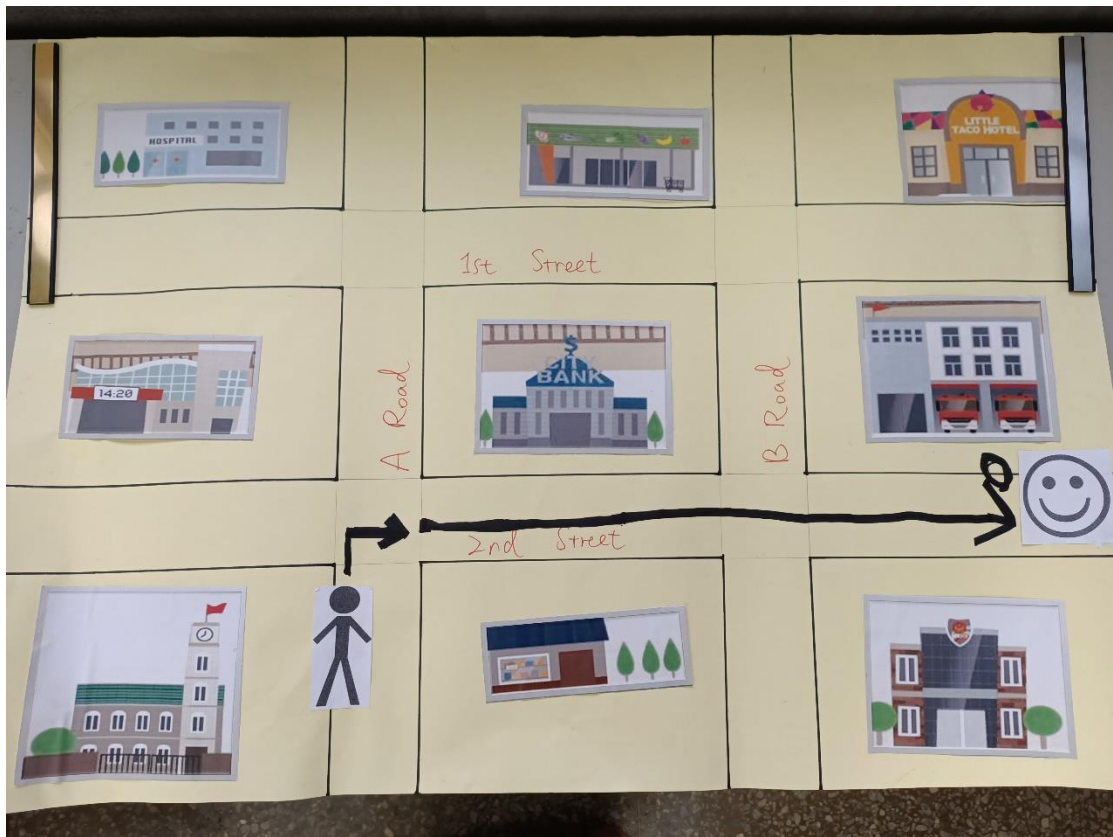

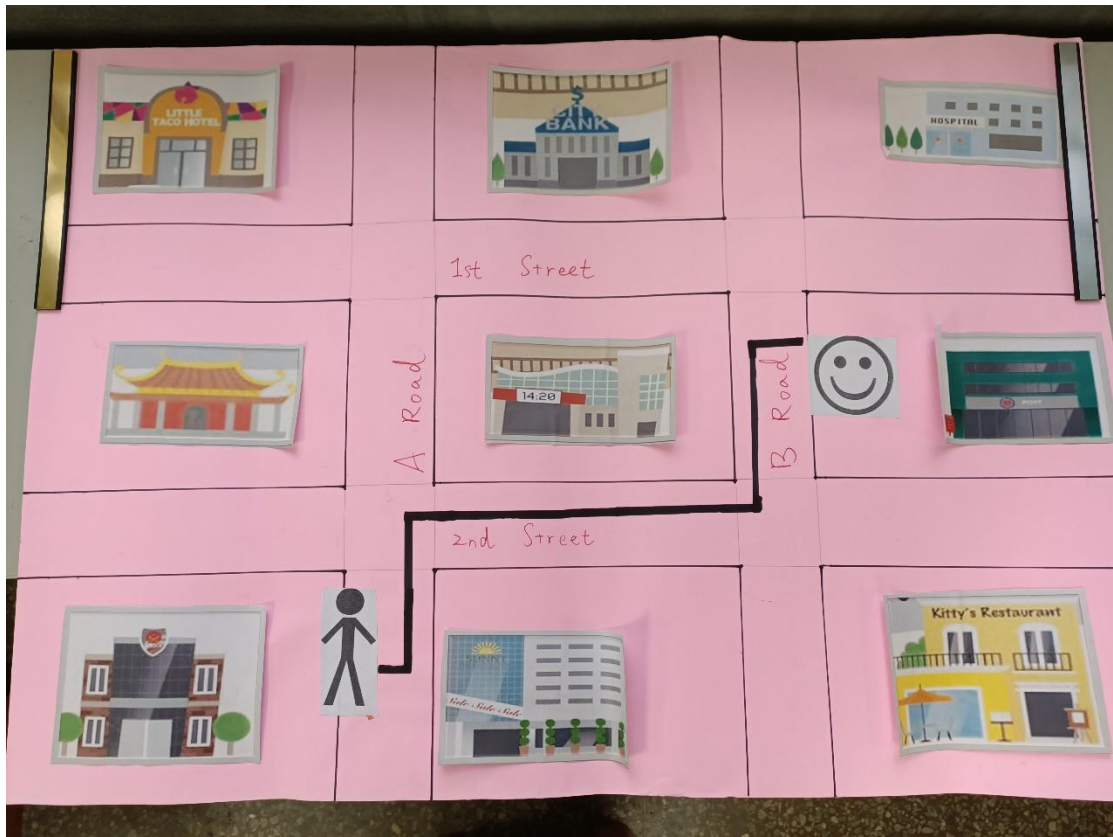

Francis: I'm at the school.

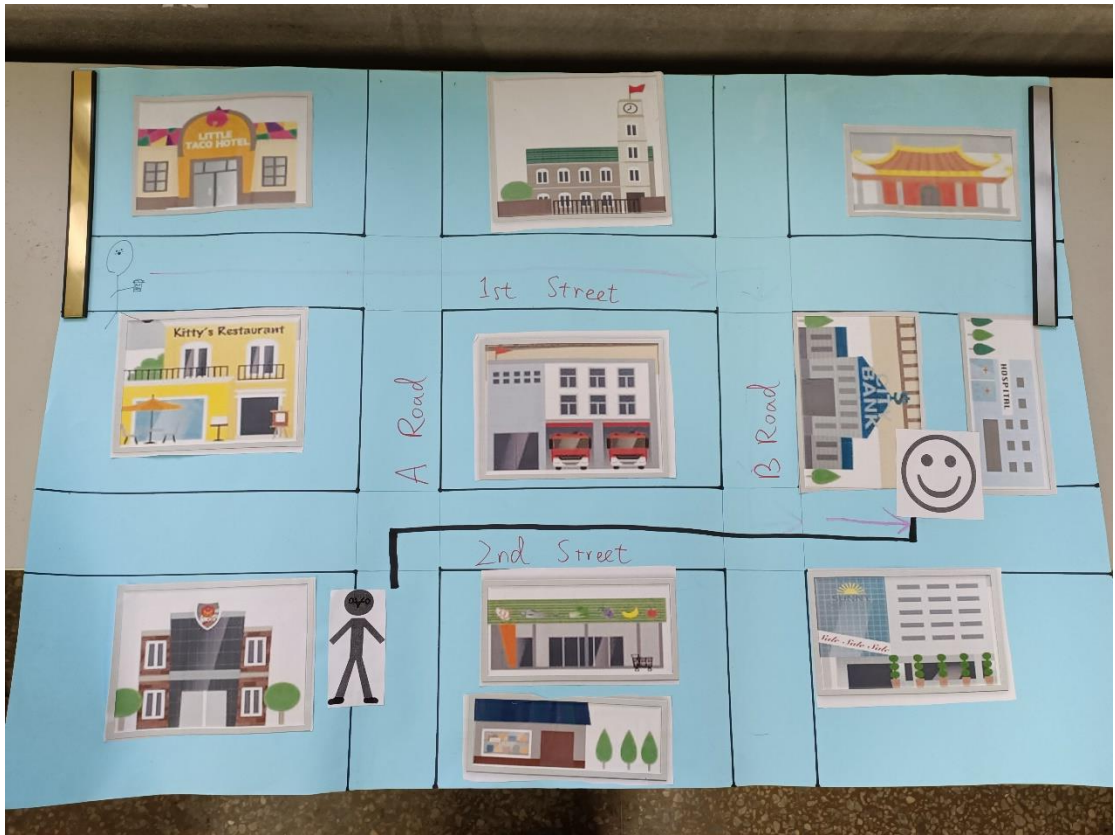

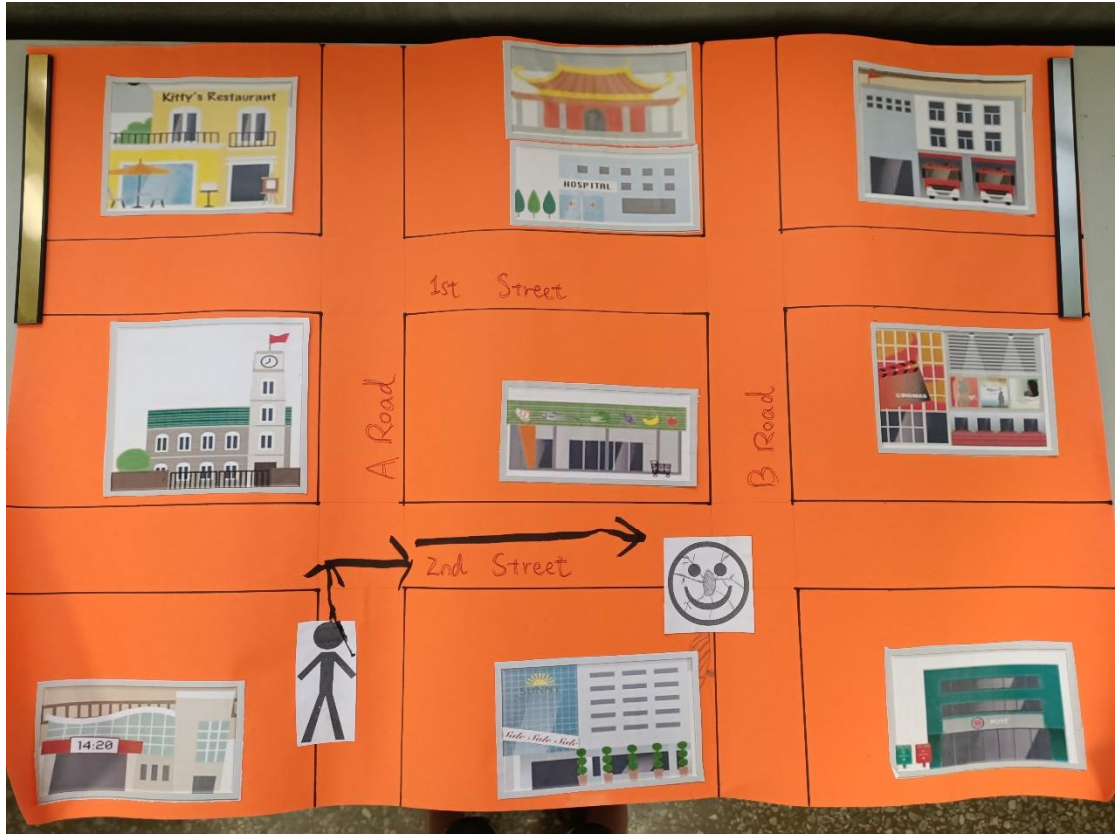

Me: Turn left <sup>at the</sup> book store. Go straight for one block. The bank is on your right.
