Dear Shawnee,

April 1, 2019

Header
(date)

You might not believe it, but last night I saw a real UFO land in our street. Five aliens came out. They rummaged around in our yard. I think they were looking for something, and I am worried they might come back, so I am writing you this letter to let you know what happened. In case you never hear from me again, I might have been abducted.
